## **NOYO HARBOR COMMISSION REGULAR MEETING AGENDA**

**Thursday, February 9<sup>th</sup> 2023**  
**Fort Bragg Town Hall**

**CALL TO ORDER: 6:05 pm**

**ROLL CALL: Commissioner Present: Dan Platt, Richard Shoemaker, Grant Downie, Jim Hurst, Doug Albin (arrived at 6:15)**

**Staff Present: Anna Neumann, Jim Jackson**

**PLEDGE OF ALLEGIANCE: Lead by Richard Shoemaker**

### **PUBLIC COMMENT ON NON-AGENDA ITEMS:**

**NONE**

### **CORRESPONDENCE:**

None

### **CONSENT CALENDAR**

**MOTION: Dan Platt made a motion to reduce the consent calendar to approval of minutes from the January 12<sup>th</sup> (item 1) meeting and Resolution 2023-1 (item 3). 2<sup>nd</sup>. Richard Shoemaker. Approved 5-0-0**

Consent Calendar: Treasurer's Report (item 2)

Commissioners reviewed the treasurer's report and asked questions about funds in the various accounts and expenses. Chair Hurst reminded the Harbormaster to move funds from the Chase account to the Savings account.

**MOTION: Richard Shoemaker made a motion to approve the treasurer's report. 2<sup>nd</sup> Doug Albin. Approved 5-0-0**

**Consent Calendar: Abandonment of FV Samurai**

Harbormaster explained the struggles with the Coast Guard Documentation Program and is hoping that declaring the vessel abandoned and conducting a lien sale on the boat will allow the District to sell the vessel to interested parties.

**MOTION: Grant Downie made a motion to approve the Resolution of Abandonment of the FV Samurai. 2<sup>nd</sup> Dan Platt. Approved 5-0-0**

**CONDUCT OF BUSINESS:**

1. Discussion and possible action Task Order 4 from SHN

Commissioners held a discussion on the importance of dredging the mooring basin, yet understanding the District reserves will be drained undertaking this project. Harbormaster stated that the District reserves sit at around \$270,000 and revenues are likely to be down this year because Salmon season is not likely to open in northern California. SHN estimated this \$94,000 will be drawn down over 18 month.

**MOTION: Doug Albin made a motion to approve Task Order 4 allocation \$94,000 for dredging planning and permitting. 2<sup>nd</sup> Dan Platt. Approved 5-0-0**

2. Discussion and possible action on potential grants and upcoming grants

Harbormaster walked the commissioners through the upcoming grants. The District office has been working on an application with West Business Development Center for an icehouse and marine-based entrepreneurial training program. While West had taken the lead on this project, expending much of their own staff time, additional grants for the icehouse, fuel dock and marina redevelopment should be submitted this year. The office asked for \$8,000 toward the grant writing efforts.

**MOTION: Dan Platt made a motion to approved \$8,000 to write grants for Community Sustainability Plan Projects. 2<sup>nd</sup>. Richard Shoemaker. Approved 5-0-0**

3. Discussion and possible action on Resolution 2023-x

Harbormaster explained that the funding opportunity targeted with Resolution 2023-x did not look to be as promising as hoped after a meeting with the grantors.

**MOTION: Richard Shoemaker made a motion to table agenda item 3. 2<sup>nd</sup> Grant Downie. All in favor**

4. Discussion and possible action on letters of support/intent

A letter of intent is required for the Economic Development Pilot Program. For this project the District is asking for funds to develop the icehouse and conduct a marine-based entrepreneurial training program. In addition the Crescent City Harbor District is also requesting a letter of support for their project, which includes a grant writer for the ports of Northern California.

**MOTION: Richard Shoemaker make a motion to support the letters of support and intent. 2<sup>nd</sup> Dan Platt. Approved 5-0-0**

5. Discussion and possible action on change order 1 from Resource Environmental  
**MOTION: Richard Shoemaker made a motion to take this agenda item to closed session following regular business. 2<sup>nd</sup> Grant Downie. Approved 5-0-0**

6. Discussion and possible action on extension of Justin Sanders Lease

Commissioners and staff discusses the lease with Justin Sanders and the option to remove the subletting clause in the lease. The District usually excludes sublets in land leases to ensure that the person/business occupying the space is the person/business intended to occupy the space. Legal counsel offered to follow up with Justin Sanders to narrow down his desire to allow subletting on his property to ensure that Justins visions matched up with the Districts vision.

**MOTION: Dan Platt made a motion to approve the 2 year extension and allow legal counsel to contact Sanders over the subletting clause to find a conclusion to bring back to the commission. 2<sup>nd</sup> Doug Albin. Approved 5-0-0**

7. Discussion and possible action on goals and objectives for the Noyo Harbor District  
Commissioners review goals and objectives for the District that resulted from the Harbormasters performance review. Goals will be placed on the Harbor District website and the Commissioners and Harbor Staff will work diligently and deliberately to accomplish them.

**MOTION: Dan Platt made a motion to approve the Harbor District Goals and Objective. 2<sup>nd</sup> Grant Downie. Approved 5-0-0**

#### **STAFF REPORTS AND RECOMMENDATIONS:**

##### **District Office:**

Audit scheduled for Feb 16<sup>th</sup>, 2023

## District Office Reports

### End of Remote Meetings

As the COVID -19 pandemic comes to an end the County of Mendocino has elected to end public agencies and boards use of remote meetings. If a commissioner would like to “Zoom” into a meeting they will have to work with the Harbor office to establish a location that the public can also attend at. This location needs to be published along with the regular agenda. The board can still host members of the public on zoom, although we may need a different resolution to do so.

### Clean California Grant –

The California Department of Transportation (Caltrans) developed the Clean California Local Grant Program through which funds will go to local communities to beautify and improve local streets and roads, tribal lands, parks, pathways, and transit centers. Through the combination of adding beautification measures and art in public spaces along with the removal of litter and debris, this effort will enhance communities and improve spaces for walking and recreation. The Harbor office has developed an application that would implement two projects.

The first project is targeting litter abatement, we would request funds to dismantle abandon and dilapidated vessels in the marina and host Harbor Clean Up and Marine Debris Education Days. On Harbor Clean up days we would provide dumpsters and accept hazmat that is produced on vessels like oily solids, oil bilge water, hydraulic fluid, ect. We have the correct EPA ID to accept these hazmat materials and a pre-established relationship with World Oil who can pick up and dispose of the hazmat. We would not accept any material that World Oil cannot dispose of and would work with them prior to the event to ensure everything runs smoothly. The funds to dismantle vessels would be used to continue our work cleaning the harbor of dilapidated vessels.

The second project is to update/ renovate the restrooms. Maintenance staff is confident that the structures are all sound, but new roofs are needed. Currently the roofs are wooden shingles. We would also seek funds to lay a new linoleum floor, update fixtures that are old and broken, install new windows that are functional and update the showers in the H dock bathrooms. The District Office roof would also be replaced under this grant. We would also install murals on the bathrooms and on the side of the maintenance shop. These murals will be ocean/fishing related and would bring an interesting splash of color and life to the harbor.

### Marina Dredge Information Paper

The Marina Dredge Funding AdHoc has been working together to develop a paper that was recently sent to the local representative for Congressmen Jared Huffman. Final paper is attached to the end of the packet for full commission review. Huffman’s office just released its FY24 Community Project Funding application which is due March 19<sup>th</sup>.

## Solar for the Harbor

As part of several of the infrastructure grants the Harbor office is applying; for we are attempting to integrate a solar system into the funding, especially into anything related to the icehouse. The additional power requirements from installing an icehouse could be costly and the District's energy bill is already high. In the world of solar there is a large shift that is about to occur. On December 15, 2022, the California Public Utilities Commission (CPUC) unanimously voted to approve NEM 3.0. NEM 3.0 drastically alters the way solar system owners are compensated for the energy they generate and provide to the utility grid, lowering the value that owners are able to capture with their new solar systems.

What Does this Mean?

- The previous program (NEM 2.0) export rate was \$0.30/kWh
- Potential reduction in compensation ranges from 75 - 80%
- Under NEM 3.0, PG&E customers with solar systems will receive significantly reduced value of any over-produced solar, compared with NEM 2.0

Harbor office staff has been working with Syerco Energy Solutions to provide PG&E with the paperwork that they require to secure the District's place in the NEM 2.0 program. This paperwork does have a 3 year lifespan and if we cannot complete the project in 3 years we would need to reapply under NEM 3.0. Working with Syerco comes at no cost to the District, however Syerco hopes that the District would eventually hire them to install the system once funding has been secured. The City of Fort Bragg is also working with Syerco and has been looking at different funding models.

## Marine Protected Area Decadal Management Review

The Harbormaster has been invited to sit on the policy and regulation panel for the 10 year review of Marine Protected Area's in Monterey on March 15. On the 14<sup>th</sup> of March the Marine Resource Committee is meeting to discuss bull kelp restoration efforts and kelp forest restoration efforts, many of these projects are centered on the North Coast.

## Oil Spill Response Training- March 17<sup>th</sup>

The office of spill prevention and response is putting on an oil spill training for District staff on March 17<sup>th</sup> from 10am-2pm. Staff will be trained on deploying oil spill booms and absorbent pads.
